

Jason Valenzuela

I was raised by a single mom and my dad was in and out of my life because of jail I have always been the man of the house because its just me my mom and my two sisters. I never had a lot of money but my mom always got through it some how and I ways had what I needed not what I whated. When I was younger my sister and I went to St. Anthonys I also went to little saints. My biggest role model has always been my god brother Why you ask because he was good at basketball, smart, funny, loving, and always had time for the family and that is exactly what I want. He also the reason San Diego State is my dream college because he goes there and says its nice and fun and meet a lot of people from all over the world. The main reason I volunteer is not to clean, or help kids with homework, or help cook its to be the best role model to the younger kids as I could and teache them how to plays sports or

Stay out of trouble, listen, play sports
that you like and enjoy and teacher
the even younger kids the something.

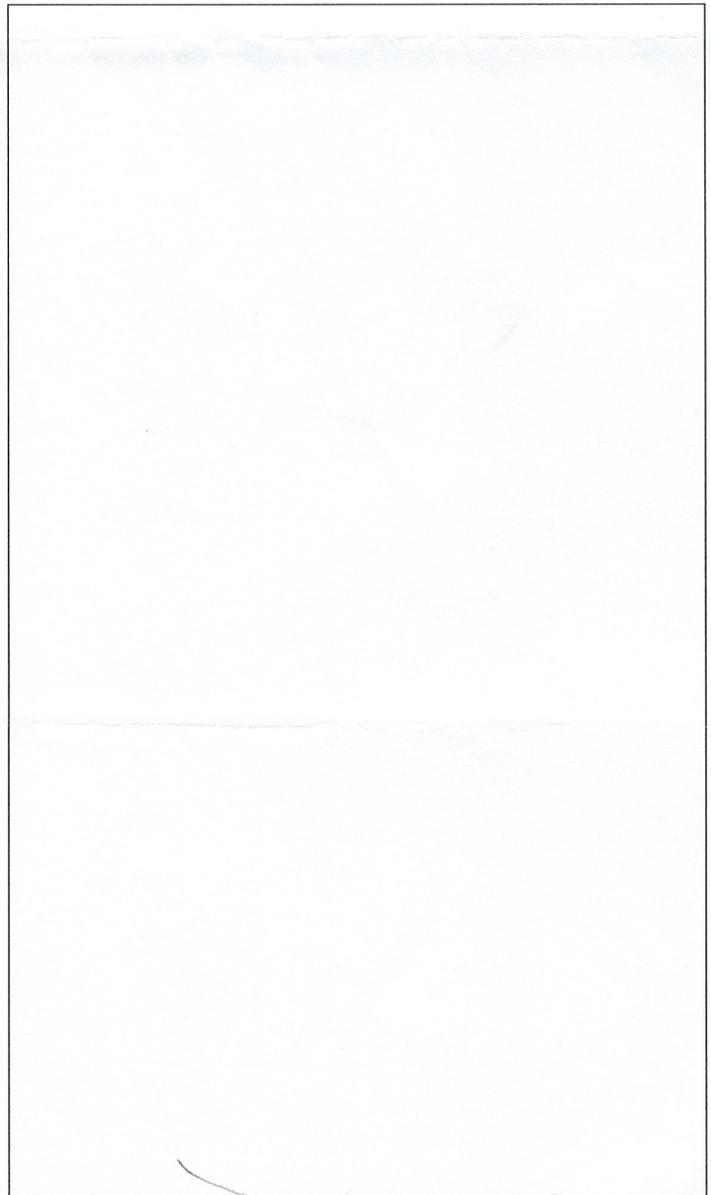

The main reason I want to go to
Santa Clara is because my family went
there, its small everyone knows everyone, fun,
meet a lot of new people, have good
sport programs, I also have friends and
family that are there already, have
good teachers, have Advanced classes, a
lot of clubs, the school is like my mom
school work before everything like games,
sports, and hanging out my friends.

To Whom It May Concern:

I have been asked to write a letter of recommendation on behalf of Jason Valenzuela and I am honored to do so.

I have known Jason for approximately 5 years when I joined the staff for VC Elite travel basketball. I was able to see the dedication, work ethic and leadership on the court, first-hand. His work ethic and approachable demeanor made him coachable and a joy to watch develop as a basketball player.

His commitment to his craft and perseverance to be better is a characteristic that is not only admirable on the court but also outside of basketball. I also coach at his Jr high, Juan Soria, and his work ethic translates to his success in school.

I am pleased to recommend Jason for the scholarship at Santa Clara High School, my alma mater. Should you have any questions in regards to him, please contact me.

Sincerely,

Jason Angell, M.Ed

It is my honor to be writing this letter in support of Jason Valenzuela. I have known and worked with Mr. Valenzuela for several years and in that time, I can wholeheartedly share that he stands out amongst his peers. I came to meet Mr. Valenzuela as a participant of the Boys & Girls Club of Greater Oxnard and Port Hueneme (BGCOP) and in the time we have known each other I have had the opportunity to get to know him very well. After participating in many BGCOP programs such as the College & Career Center, Triple Play, STEAM related programs throughout the summer months and many others. Jason was quick to enlist as a participant and as a student volunteer to help his peers feel welcomed. He has helped organized numerous of projects and is always showing leadership qualities. He is what I would call a staple in our clubhouse, and many of his peers younger and older look up to him.

A well versed person like Mr. Valenzuela who is mature, takes initiative and is enthusiastic about creating a better world for future generations deserves our upmost respect and support in his endeavors. In the time I have known Jason, he is by far, one of the members whom I have worked with who has big dreams and is very determined to achieve them regardless of any obstacle that stands in his way. I have come to find that Jason is a very responsible, committed and caring individual, who serves his community without expecting any recognition. He has many qualities that any leader in our community would desire; he is hard working, responsible, but most of all, persistent.

That is why, I highly recommend Jason Valenzuela as an exemplary candidate for this scholarship. He is committed to the overall wellbeing of his community, strives for academic excellence and has a heart of gold. If you should you have any questions, please do not hesitate to contact me directly via email at mestrada@bgcop.org or on my personal cell phone (805) 889-9910.

Maritza Y. Estrada
